TRUSTEE NEWS

Church Family the Trustees need your help with the security of the building. As part of our insurance coverage, we were required to update our security system to include motion detectors and improved door security. As a result we are moving to a keyless entry for all doors. If you currently have a key to the building and use it after the start of keyless entry, your key will not work. Please turn those keys in to the main office.

Do you have one of the key cards for keyless entry? If so, the Trustees need to confirm the ID number. Please contact Carolyn or Dee Dee Seagraves to confirm your key card number.

The overall goal of the new security system is for the system to be on at all times.

The major part of our new security system involves entering the key cards into the system so that the card will work. There will be multiple levels of approval based on the need to be in the building. For example, staff would have 24/7 access to the building. Another option could be access to enter the main door Monday -Friday 9 am – 5 pm or Monday-Friday 5 pm – 10 pm. Your key card would only work based on the level of approval entered into the security system.

The expectation by our insurance company is that when you enter the building you are responsible for the activity that occurs during that time. It will record your name as entering the building. Key cards should not be shared. Trustees will require each person who has a key card to complete a form indicating they understand the expectations. These measures will help us with our insurance coverage.

What do you need to do?

- Turn in any church door keys if you currently have them
- If you have a key card, please confirm that number with Carolyn or Dee Dee Seagraves
- If you need a key card, please complete a key card form with the reason you need access to the building
- If you are reserving the building for an event, a temporary key card will be provided for your use. The card will need to be returned to Carolyn once the event is finished. The card will not continue to work after your scheduled event.
- If you have questions, please contact Dee Dee Seagraves at 912.657.3583
